

LOCAL SERVICES SUPPORTED BY NATIONAL RESOURCES

CBIZ Architects & Engineers

As a professional services firm, you face risk with every project. That is why it is imperative that you have the right coverage.

CBIZ Insurance Services, Inc. provides expert risk advisory and insurance brokerage services customized to meet your unique needs. By partnering with us, you can focus on what truly matters — your clients, your employees, and the ultimate success and growth of your business.

Our CBIZ Architects & Engineers practice provides a full suite of insurance and risk management programs to protect design businesses of all disciplines and sizes and in different locations throughout the country. Types of firms served:

- Large Multi-discipline A&E firms
- Civil Engineers
- Geotechnical Engineers
- Structural Engineers
- Mechanical & Plumbing
- Architects
- Design Build Firms

We serve as your “outsourced” risk manager dedicated to lowering your total cost of risk. Working with top regional and national insurance carriers, we combine assertive risk avoidance with a rigorous marketing process to manage clients’ risks and their exposures, often resulting in significant premium savings. The most common need for A&E firms is professional liability insurance, or errors & omissions coverage. This coverage protects you against claims from clients who suffered a financial loss due to your services. Additionally, we can also assist with Contract Review, Loss Prevention and Assistance as well as offering in house and web based Risk Management Seminars.
