

Creating A Safety Culture Improving Workforce Safety Protects Your Bottom Line

Your employees are your greatest asset. Protecting them from unnecessary harm and unwanted risk is a top priority. It also yields huge dividends.

According to the Occupational Safety and Health Administration (OSHA), businesses that implement effective safety programs operate more efficiently, reduce absenteeism, increase morale and boost quality – all of which improve your bottom line.

CBIZ Insurance Services, Inc. helps you create a safety strategy that takes your overall objectives into account. We conduct an in-depth workplace safety assessment, focusing on the main areas of safety concern:

- Workplace
- Auto/Fleet
- Property

By taking the time to understand your business operations and risks, we can customize a solution focused on enhancing your safety and minimizing risk.

Why Focus on Safety?

Research clearly illustrates a strong link between employee safety and increased performance, lower workers' compensation costs, improved profitability and more. With a focus on safety, you can expect significant return on investment, including:

50%

increased
productivity

20-40%

decrease in injury
and illness costs

13%

higher
profitability
