- **Savings** – Most of our clients have received savings over existing policies.
- **Claims Management** – 24-hour claims hotline with nationally recognized law firm.
- **Robust Resources** – Access to a variety of risk management tools, including sample policies and procedures.
- **Quick and easy renewal process** – We ask only 1 question about revenue growth.

Covered Exposures

- Liability claims alleging:
  - the unauthorized release of private information
  - personal injury and/or intellectual property violations in a digital, online or social media environment
  - computer security failures, resulting in data deletion/alteration, transmission of malicious code, denial of service, etc.
- Defense costs in state or federal regulatory proceedings that involve violations of privacy law
- The provision of expert resources and monetary reimbursement for out-of-pocket (1st Party) expenses associated with the appropriate handling of the types of incidents listed above

Full Policy Limit Coverage

Broad coverage automatically includes FULL policy limits:
- Privacy liability (including employee privacy)
- Privacy regulatory claims
- Security breach response coverage
- Security liability
- Multimedia liability
- Cyber extortion
- Business income and digital restoration

Comprehensive Coverage

The policy offers comprehensive definitions of critical terms such as Privacy Breach, Computer System and Media Content. These definitions, along with the absence of some industry-standard exclusions, make this policy more comprehensive than the typical cyber policy.

Program limits: $1,000,000 - $5,000,000 with retentions based on size of the account (revenue).
