## IN NEW YORK, WE PROTECT OUR MEMBERS WITH THE BEST OF BOTH WORLDS: NATIONAL RESOURCES AND LOCAL CLOUT

As the nation's largest physician-owned medical malpractice insurer, with 80,000 members, we constantly monitor emerging trends and quickly respond with innovative solutions.

And our long-standing relationships with the state's leading attorneys and expert witnesses provide unsurpassed protection to our members.

When these members face claims, they get unmatched litigation training tailored to New York's legal environment, so they enter the courtroom ready to fight—and win. We also fight for physicians in the state legislature. The Doctors Company is at the forefront of efforts to enact and protect medical liability reform around the country.

## HERE'S WHAT ONE MEMBER SAYS ABOUT OUR COMMITMENT TO SUPPORTING THE PROFESSION AND PARTNERING WITH THOSE PROVIDING CARE:

Our NAPA colleagues in other parts of the nation have already benefitted from The Doctors Company's dedicated support and education—those of us in New York are thrilled to follow this path with them. The Doctors Company's tireless commitment to the practice of quality, patient-centric medicine is the right focus for all of us as healthcare continues to evolve toward safer care and healthier communities.”
